

**APPENDIX I  
REQUEST FOR QUOTATION/TENDER**

---

**TECHNICAL SPECIFICATION**

---

**GENERAL REQUIREMENT**

1. The equipment/machines proposed must be of a proven design, in current production and having spare parts available for back-up.
2. Features not mentioned as mandatory but are part of the system are to be specified.
3. Other features, accessories and expansion options are to be specified and quoted.
4. Warranty period must be specified in detail. Any option after the warranty period is to be specified.
5. Delivery period must be specified clearly.
6. The price should be inclusive of supply, delivery, installation, testing, commissioning and support services. The price shall also be inclusive of duties, taxes, rates, charges, fees and other related cost.
7. For imported products, the price must be quoted **WITH** and **WITHOUT TAX**.
8. Any stamp duty applicable to the products/services under the quotation shall be borne by the vendor.

**(END OF TECHNICAL SPECIFICATION)**

**I/We declare to have read and understand all general requirements above**
